Education

Sepuluh Nopember Institute of Technology (ITS) <i>Bachelor of Applied Business Statistics (GPA: 3.75/4.00)</i>	August 2022 - August 2026
--	---------------------------

Work History

PT Borwita Citra Prima <i>HR Analyst (Internship)</i>	January 2026 - July 2026
- Managed and validated 10,000+ employee records using Google Sheets, performing data cleaning, reconciliation, and quality checks to ensure accurate and consistent HR data for talent management reporting, employee development, and workforce analysis. - Built ETL workflows to clean, transform, and consolidate employee data into interactive Looker Studio dashboards, enabling real-time KPI tracking and reducing manual reporting time by 98%. - Built automation web-based Internship Management and Talent Management Systems using HTML, CSS, JavaScript, AppScript, and Google Sheets, centralizing 86 recruitment requests and 40+ interns while reducing weekly recap time by 97%. - Analyzed employee engagement data from 2,454 employees using K-Means clustering, SHAP, and IPA to identify workforce segments, engagement drivers, and improvement priorities for organization development initiatives.	

PT PLN Nusantara Power <i>Data Intern (Internship)</i>	January 2025 - February 2025
- Analyzed, validated, and standardized 1,000+ governance, operational, ESG, and workforce data points using Excel across 15+ reporting modules, ensuring data accuracy for the Annual Report and Sustainability Report. - Consolidated and cleaned cross-functional datasets to prepare reporting-ready visualizations, ensuring data accuracy for the 2024 Statistics and Sustainability Reports.	

Sepuluh Nopember Institute of Technology (ITS) <i>Assistant Lecturer - Statistical Quality Control (Contract)</i>	March 2025 - June 2025
- Facilitated Statistical Quality Control practicum sessions for 30+ students, teaching industrial applications of control charts, process capability, and acceptance sampling, achieving a 97% student satisfaction rate. - Evaluated practicum reports and student presentations, mentoring students to successfully apply statistical methods in formulating data-driven procedures for business problem-solving.	

Sepuluh Nopember Institute of Technology (ITS) <i>Assistant Lecturer - Experimental Design (Contract)</i>	September 2024 - December 2024
- Guided 30+ students in applying experimental design concepts, including Completely Randomized Design (CRD), Randomized Complete Block Design (RCBD), and Incomplete Block Design, using Excel, Minitab, and R. - Assessed student performance through practical sessions and real-world case studies, providing feedback and technical assistance that contributed to an average final class grade of over 85.	

Projects

Sales Analyst <i>Built an end-to-end sales analytics pipeline (Excel, MySQL, Python, Power BI/DAX) processing 6,000+ transactions to track daily STD/STT and CWO by distributor, automate sales anomaly detection, and power a 4-page RFM-segmented dashboard for management decision-making.</i>
Inventory Analyst <i>Designed a normalized SQL database, built a Python forecasting and anomaly detection pipeline that identified a 64.3% branch sales deviation, and developed a 5-page interactive Power BI dashboard with actionable business recommendations.</i>
Stock Portfolio Optimization (Thesis) <i>Built an interactive Streamlit web app using Python and the Artificial Bee Colony algorithm to optimize a 25-stock SRI-KEHATI portfolio based on the Cardinality Constrained Mean-Variance model, achieving a peak Sharpe ratio of 27.59% for an optimal 9-stock allocation.</i>

Organizational Experience

Himpunan Mahasiswa Diploma Statistika ITS <i>Head of Advocacy and Student Welfare Division</i>	January 2025 - December 2025
- Led the Advocacy and Student Welfare Division by coordinating a 3-member team to execute academic support and student welfare programs for Business Statistics students. - Coordinated major academic initiatives, including a Scholarship Preparation Webinar (100+ participants; 15% scholarship applicants vs 10% target) and a 10-session exam tutorial program with 300+ participants and 98.1% satisfaction rate.	
Himpunan Mahasiswa Diploma Statistika ITS <i>Staff of Advocacy and Student Welfare Division</i>	March 2024 - December 2024
Created and managed a Student Feedback Form to collect and relay academic concerns from 300+ Business Statistics students to the department administration, earning recognition as Best Staff based on official division evaluation.	

Secretarial

- Led and mentored 20+ freshmen throughout GERIGI ITS 2023, coordinating campus orientation activities, managing participant administration and personal data, and achieving a 97% satisfaction rate.

Achievements

Awardee of HETI ADB ITS Funding 2025	July 2025
Selected as one of Higher Education for Technology and Innovation grant recipient among 150+ applicants	
Awardee of ITS Youth Entrepreneurship Funding 2024	October 2024
Selected as one of ITS Youth Technopreneur grant recipient among 180+ applicants	
Seventseas Business Plan Competition	September 2024
1st Runner-Up Seventseas Business Plan Competition at Brawijaya University	
Awardee of PKM-K 2024 Funding by Kemendikbudristek	April 2024
Successfully obtained funding from Kemendikbudristek through BELMAWA and ITS Campus for the development of a sustainable business project	

Skills

• Programming & Data	: Python (Pandas, Scikit-learn, Matplotlib, Plotly), SQL (MySQL), R, Google Apps Script
• Data Visualization	: Power BI, Looker Studio, Tableau
• Data Analysis	: Excel, Power Query, SPSS, Minitab
• Core Competencies	: Statistical Modeling, Machine Learning, ETL Pipelines, Predictive Analytics, Forecasting.

Certification

- **Data Science** - Dicoding Indonesia (2026)
- **Structured Query Language (SQL)** - Dicoding Indonesia (2026)
- **Machine Learning** - Dicoding Indonesia (2026)
- **Python** - Dicoding Indonesia (2026)
